Dear Recruiting Manager,

I am very excited to apply for the position of Entry-level Consultant at Oliver Wyman (OW). I am drawn by the opportunity that OW offers to tackle the difficult problems that impact both corporations and the public at large. I am further drawn to your firm due to the apprenticeship model and both the breadth and depth of expertise in various industries.

Currently, I am a Graduate Analyst at Bank Negara Malaysia, the Central Bank of Malaysia. I have been assisting the team in international negotiations of free trade agreements and investment guarantee agreements. I have honed my ability to digest large amounts of technical information and synthesize them into actionable insights. The various emails, memos, and decks that I drafted sharpened my analytical skills tremendously.

Having had the privilege to witness the intricacies of large-scale projects initiated by the Central Bank, I am deeply passionate about tackling complex challenges that can propel our nation forward. I am eager to join your esteemed firm, where I can contribute to guiding businesses towards optimal outcomes while ensuring the well-being of all stakeholders.

I am positive that the skills I developed in the Central Bank and my previous stint at a boutique litigation law firm will make me a fantastic junior consultant at OW. I would be honored to have the opportunity to prove the above statement to OW through an interview.

Please feel free to let me know if I can provide any additional details. Thank you for your time and consideration, and I look forward to hearing back.

Kind Regards,

Hwai Zher
